## TO SUCCESSFULLY REHEAT PIZZA:

- **In your toaster oven:** Place the pizza on medium power for one or two cycles. It should be properly reheated.
- **In a traditional oven:** Preheat the oven to 450 degrees F. Line a cookie sheet with foil. Heat for five to 10 minutes, or until the cheese is bubbly.
- **Stovetop method:** Yes, you can reheat pizza on a stove top. Preheat a skillet for one to two minutes. Place the pizza inside the skillet and cover. Heat for another one to two minutes or until the cheese is bubbly. A nonstick skillet makes cleanup easier.
